PAYING WHAT IS DUE

The board of education at a special session Monday night took the action necessary to provide additional pay for teachers and employees. It will take a very considerable sum of money to make payment to the seventy or more men and women in the list of teachers and employees, but the increases were approved by the people at the special election

whereby an increase in the school tax rate was authorized.

COMMUNITY SPIRIT

The churches of Woodson have just finished a fine series of meetings, and general enthusiasm in the village is the result. It is a fine thing to note that the people of the churches there are working together for the benefit of the whole community. While a few denominations are still in fact, denominational lines have been wiped out in the larger effort to benefit all people resident there. Woodson seems to be furnishing an early and excellent example of what can be accomplished by the Interchurch movement.

While the democratic political chieftains continue to put out propaganda to the effect Congress isn't doing anything, Congress keeps right on slashing down the fearful extravagance of the administration and doing it against the opposition of powerful democratic forces in House and Senate as well as in officialdom. It is an amazing thing that there should be partisan objection and

antagonism to economy in times such as these but the fact is there is such objection and antagonism.

REPORT ON ARMENIA PRINTED

In order that the Harbord report on Armenia may be made available to the general public, Senator Henry Cabot Lodge has had Part I of the report printed as a public document. It contains a synopsis of the whole subject, and will prove interesting reading to anybody who believes it to be the duty of the United States to supervise the affairs of that far away land.

THE MATURITY VALUE IS CERTAIN

The Liberty bond market continues to fluctuate with the tendency still downward. But that fact should not worry most people. They bought their bonds, intending to keep them, and with the full knowledge that the security is ample and that the bonds will be good for their face value at maturity. Those facts still hold true, so why worry about the market?

YOU CAN PROVE ANYTHING WITH FIGURES

What's the use of statistics, anyhow? Figures recently compiled so that the average wheat yield in Kansas last year had a value of \$24.77 per acre, and that the cost attached to this crop production was \$25.20. On this basis the Kansas farmers should all be bankrupt, but the facts seem to be that general farming conditions in that state were never more prosperous.

But supposing that the figures were approximately true. The remedy would be to use such methods as would result in an increase in the acreage yield without any increase in the overhead costs.

SHORT MILLIONS OF WORKERS

Farmers have no corner on complaints about the shortage of labor for government records show that the number of aliens which should be available for general work is something more than 3,000,000 short. This shortage began in the early period of the war and increased as the war progressed. Ever since the signing of the armistice the number of foreigners received into the country thru Ellis Island has been thousands less than the number who have returned to their homes in Europe.

WOULD AVOID ELECTION DAY CONFUSION

Certainly that is a praiseworthy effort the Republican county central committee inaugurated Monday in its endeavor to bring about voting precincts. It is understood that the Democratic committee is quite heartily in accord with the movement and the matter will be speedily brought to the attention

of the city and county authorities. It is thought that because of the joint interest in the subject that there will be little difficulty in coming to an agreement so that the residents of Jacksonville will not vote at different places every time an election is held.

Rippling Rhymes By Walt Mason

Our Day.
I know not what tomorrow's dawn may bring along my way; perhaps by then I may be gone from this cheap ball of clay. This day, however, is my own; the day that's now on deck; and I will chase the shining bone with bells around my neck. I'll do a dozen helpful stunts before the night arrives; assist some weak, despairing runts, and brighten up their lives. I've played a lot of knavish tricks for which I should atone, and now I should my record fix, for this day is my own. I cannot bank on any day that hasn't yet had birth; before it comes and slides away I may fall off the earth. But at this writing I am sound and full of vim and pep. I'm full of life, I caved around with high and buoyant spirit. Tomorrow they may measure me for monumental stone; today I'm busy as a bee, for this day is my own. So while I am a dweller here you'll find me on my job; today I'll dry the widow's tear, and can the orphan's sob.

PRESENTED OPERETTA

The Illinois Woman's College glee club presented a very pretty and charming operetta last evening in the college gymnasium. The name was "The Japanese Girl." The cast was trained under the direction of Miss Miller and the work last night was a credit both to the cast and to the instructor.

The stage was beautifully decorated with cherry and apple blossoms and the setting added greatly to the operetta.

DEMOCRATS MET FOR ORGANIZATION

County Committee and Convention in Session Monday — J. W. Clary Is New Chairman — Delegates Chosen.

When the Democratic county central committee met at the court house, Monday noon, the call to order was given by Haller W. Higgins, who has served as chairman for the organization. An election followed, in which John W. Clary was chosen chairman, William Zann, of Concord, secretary, and Albert J. Geberti treasurer.

A resolution adopted endorsed the national administration and commended the record of Henry T. Rainey, of this district. Seven delegates and seven alternates to the state convention were elected.

Mr. Clary, on taking the chair, made a brief talk, emphasizing some of the tasks that now confront the Democratic party. He said the charge is unfair that the Democratic party is responsible for the present high prices, and recalled that some years ago, when prices were extremely low, that an effort was made to blame the party for that condition.

After delegates had been named for the state convention, a brief time was spent in speech making. J. O. Priest talked briefly, as did Judge Owen P. Thompson and Circuit Clerk C. W. Boston. The delegates and alternates chosen for the state convention and who will also represent the county at the congressional convention, are as follows:

A. D. Arnold, W. A. Masters, John W. Clary, M. F. Dunlap, William Zahn, Austin Beavers and C. P. Hedrick.

The alternates are: Haller Higgins, E. E. Etter, W. H. McCarty, William Rees, John J. Newell, Frank Sooy and Walter W. Wright.

Resolutions offered by E. E. Etter, of Waverly, were as follows, and were unanimously adopted:

We, the members of the Democratic committee of Morgan county, in convention assembled, recognizing the tremendous responsibilities which rested on the national administration during the World war to represent our country during a time when the whole civilized world was shaken and torn by the demon of war, and we therefore do hereby endorse the national administration for its splendid achievements in the organization and equipment of our army and navy, which contributed so greatly to the success of the allied armies and brought so much glory and honor to our country.

Resolved, further, that we recognize the able, faithful and distinguished service given to the people of the United States by our member of congress, the Hon. Henry T. Rainey, and we again commend him to the people of this constitutional district. He is a true servant of the people.

SUITS—

with a dash of style

No matter whether a man's taste runs along conservative lines, his clothes must have the dash of style even to be properly conservative, for there is a tremendous lot of poorly cut suits masquerading under the word "conservative."

A good suit is always a matter of good cloth and good tailoring.

And that is the combination we offer our customers at all times. Our lines of beautiful woollens for summer are ready for your inspection.

UNDERWEAR

with perfect comfort

Our stock for this season is in, and comprises every style of the really worth while.

Nothing is more aggravating in warm weather than ill-fitting undergarments, particularly if poorly made and of poorer quality.

You won't have to pay an extravagant price here for satisfactory garments.

Yep—
We can make
Overalls,
But, listen—

In the first place the Overall is intended as an outer garment to keep the clothing clean—in short, the overall is for the working man. This idea which recently has sprung up, that the universal wearing of Overalls will help reduce the price of clothing, is all wrong and out of place. Will the wearing of overalls increase the present stocks of wool? No, it will do nothing but still further increase the workman's expenses. Carried to its logical conclusion overalls within a short time would cost as much as a good wool suit. No, what we need is a greater production of raw materials. But space is too limited to go into the subject in detail. Come in and let's discuss it and let us give you some real inside facts.

Now, as to good wool clothes—don't it ever occur to you that a man pays no more now than "before the war?" That's easy. Don't every man wear his suits more than twice as many months? Isn't he wringing out every ounce of wearing-value? You bet he is. Then, obviously the thing to do until wool production approaches demand, is to buy good clothes, tailor made; buy less often; obtain genuine suit-satisfaction at the same old annual expenditure. It can be done. Come in and let us show you. That, at least, entails no expense.

There is a Difference in the Way the Liberty Rides and Drives

Liberty Touring Car

The difference of the Liberty's riding and driving it not to be wondered at when one learns the steadfast quality of the car, which becomes more and more apparent as the miles roll up.

To this unmistakable worth, and also to the high order of designing displayed even in the very minor details, may be attributed qualities so divergent as the unusual comfort which the Liberty affords, and the uniform reasonableness in the cost of operation and upkeep. The car is one of the moderate weight in proportion to its size, amply powered, with a responsiveness and flexibility that are remarkable.

It is replete with features that have literally commanded the enthusiasm of Liberty owners. The upholstery is of genuine leather in the French pleated type, fitted over unexcelled special cushion springs. Plainly-marked side curtains are carried in a very accessible compartment back of the front seat. The steering wheel is of black walnut, properly corrugated around its inner surface. There are special top holders, horse-hair carpets in each compartment, a rear curtain light of beveled plate glass set in a heavily nicked rim, and an equipment that is considered exceptionally complete.

With the Kobzy Safety Signal

Housed on Your Rear Left Fender in Plain View of the Driver Behind, You Notify the Car Behind Just What You Intend to Do

Rear end collisions are practically unavoidable unless a definite means is used to signal traffic behind. Arm signals fail in critical moments and are impossible in closed cars. When at the wheel you are always wondering what the car ahead will do. The driver behind is wondering about YOU. Leave no doubt in his mind. Let him know definitely, positively, without chance of misunderstanding.

The Kobzy Signal Operates on the Semaphore Principle—Visible from Front and Rear—Day and Night.

—Endorsed by Leading Motor Clubs

There is no mistaking a Kobzy Signal. At the touch of your finger on the control lever on your steering post a "Stop," "Right," or "Left" signal snaps up on your rear left fender.

SKIN HEALTH ESSENTIAL TO BODILY HEALTH

It is just as necessary to keep the outside of the body protected against germs and infection as it is the inside.

Many diseases are transmitted through the pores of the skin. Many serious infections come from lack of proper skin care.

The best of skin protection is cleanliness. And cleanliness—actual, honest cleanliness—demands the use of clean, pure soap. You can't keep the skin clean and in a healthful condition when you clog the pores with impure soap.

Remmo Sterilized Toilet Soap is the purest and best Toilet Soap that can be manufactured. It is made exclusively of the purest and most excellent ingredients of greatest cleansing quality. Then these ingredients are sterilized at 193 degrees Fahrenheit. There can be no impurities in Remmo Sterilized Toilet Soap. It cleanses the skin hygienically. Its soft, creamy lather removes all dirt, all accumulations from the pores of the skin. It leaves the skin—the surface of the pores—thoroughly clean, refreshed, invigorated. A state of cleanliness that establishes a degree of resistance against ailments that might arise through improperly cared for skin—and with it that desirable pink-and-white quality of complexion that can be acquired only through proper skin care.

Remmo Sterilized Toilet Soap is not a medicated soap—not a soap for emergency use—but an everyday toilet soap of greatest scap purity.

Matrimonial

Welch-Holliday
Edwin Welch of Alsey and Miss Sylvia Holliday of Winchester, were married at the court house late Monday afternoon by Squire A. B. Opperman. The young people are to live on a farm near Alsey and they are quite well known in that locality.

Baird-Smith.
Donna Baird and Miss Helen Smith of Jacksonville were united in marriage Sunday afternoon at 2:30 o'clock at the home of the bride by Rev. A. A. Todd. The couple were attended by Miss Marian Holkenbrink and Lohman L. Wagner of this city and about forty relatives and friends were present at the ceremony. After the ceremony, light refreshments were served, the wedding cake having been made by the bride.

The bride is the daughter of Mr. and Mrs. Melvin E. Smith of South Diamond street. She is a graduate of the Jacksonville high school of the year 1919 and has since taught school near

Bluffs. She wore a beautiful dress of white messaline and georgette, made by her own hands and carried a bouquet of sweet peas. The bridesmaid wore a dress of flowered white taffeta and carried roses.

The groom is the son of Rev. and Mrs. D. J. Baird of Franklin. He is well known in this city, having spent a good many years here except during the time of his service in U. S. Army. He is employed at Taylor's grocery store.

WOODSON CHURCHES IN FINE MEETINGS

Under Leadership of James Scofield in Community Campaign, Field People Have Gone For-

Two churches of Woodson have just closed a church efficiency and community welfare campaign under the expert leadership of James L. Scofield (Sunny Jim, as he is called), of Peoria, Ill. The committee essential to the campaign from both church entered wholeheartedly into their work, so much so that Mr. Scofield says it was the best organized campaign of any community of Woodson's size in all the 84 campaigns he has conducted. Everybody meant business and the co-operation was fine, having seen the local need all measured up to the requirements of the hour.

The outcome was that every night there was a church full of enthusiastic people, a splendid community spirit has been created, and plans are under way already to make our churches here count for God as never before.

Sunday, the last day of the campaign, was the greatest day Woodson has perhaps ever known. Scofield addressed a union Sunday school upon the theme, "A Modern School." The two churches followed this address with a communion service which, in itself, was a splendid tribute to the unity of heart and mind among the churches.

Mr. Scofield then gave the morning address upon "The Church in Illinois." Such a marvelous array of facts were presented as to existing conditions of church life in all its branches of service in Illinois, and practical solutions and remedies were suggested, the central idea of Scofield was that what the church needed was not more organization, but the working of those already existing along modern lines.

Two Fine Addresses
People said these two morning addresses were the finest they ever heard upon church efficiency. Immediately after the morning service the canvassing teams and their families met for a fine lunch in the basement of Christian church and after final instructions and prayer they went forth to raise their respective church budgets for the year and the Interchurch Movement.

At 6:45 Scofield met the young people of the town and discussed the work of the various young people's organizations, suggesting the importance and necessity of a local organization of young folks in each church or a union organization.

The evening service opened at 7:30 with a crowded church, the song service was fine, with orchestra and male quartette; scripture and prayer followed and reports from canvassing boards were given. It was grand to hear the testimonies of these faithful men and women. The Christian church announced their budget almost raised and some families not seen. The Presbyterian church reported their budget also as largely met, some people yet to see. People gave to the churches in some cases double last year's pledge and many increased their subscriptions. A committee from both churches was appointed to co-operate with the local school directors to take such immediate steps as were necessary to secure a much needed community high school, also a committee to plan some kind of community club or organization to best serve the combined interest of Woodson in its church, school, social and business life.

Seofield Endorsed
A resolution was presented to the congregation expressing its appreciation by a rising vote of the valuable service of "Sunny Jim" Seofield to this community the past week, and the great crowd responded immediately to the resolution. Mr. Seofield then took up pledges to pay for his own labors here and also help finance the campaign he is to undertake in the near future among pastorless fields, etc. The people responded in fine manner.

The closing message was great, "Two Conversions, Paul and Philip, Jailor." Seofield emphasizing two types of Christians, the "Will" and "Must," from Paul—"What wilt thou have me must I do?" and the jailor, "What must I do?" etc. Thus closed an eventful campaign for Woodson. The canvassing teams are to complete their own and the Friends' citizen's budget for the Interchurch Movement and give the final report next Sunday in a union meeting in the Presbyterian church, when Dr. Thomas Smith, assistant director of financial campaign for Illinois College, will address us on "The Religious Life of Our Colleges in the Republic."

REPUBLICANS HELD COUNTY MEETING

ANDREW RUSSEL IS CHAIRMAN OF CENTRAL COMMITTEE.

Full Attendance at Session Held Monday Noon—Strong Resolutions Commended Governor Lowden and Pointed to Fitness For Presidency.

There was a full attendance at the meeting of the Morgan county central committee held at 12:30 o'clock Monday noon at the court house. In accordance with the primary law, after organization the committee meeting became the party convention. Andrew Russel was chosen chairman, Walter H. DeShara secretary and M. L. Hildreth, treasurer. These officers are to continue thru a four year period in accordance with the provisions of the primary laws. Resolutions were adopted strongly endorsing the administration of Gov. Lowden and steps were taken for the general organization of campaigning work.

Brief talks were made by F. L. Sharpe, Mrs. J. J. Reeve, Mrs. W. L. Alexander and Mrs. W. I. Crabtree of South Jacksonville. The call then came from the floor for the newly elected chairman, secretary and treasurer and they

all responded briefly, expressing their wishes to join heartily in campaign work and their thanks to the committee for their selection.

Among other business transacted was the appointment of a committee to co-operate with the city and county officials in the endeavor to have polling places in city and county elections identical.

The Roll Call.
The roll call showed the following members of the committee present:
Alexander—Charles M. Strawn, Arcadia—W. H. Petefish, Centerville—Arthur Rowland, Chapin—Alpha Anderson, Concord—Lloyd B. Smith, Franklin—H. M. Tulpin, W. N. Luttrell.

Literberry—G. A. Dunlap, Lynsville—E. A. Ranson, Medocsa—J. L. McLain and L. F. Berger.
Murrayville—Harry Cade and C. E. Rousey.
Nortonville—Alonso McNeeley, Pisgah—W. E. Barrows, Prentice—V. H. Lockett, Sinclair—Eugene Hart, Waverly—C. F. Wemple, Wilson M. Smith, Thomas H. Crain, Woodson—E. O. Mortimer, Jacksonville—J. W. Baptist, E. M. Vasconcellos, Frank Sullivan, William H. Slater, Charles S. Black, Walter DeShara, J. Earl Vasconcellos, A. E. Williams, W. L. Alexander, T. T. Arisman, Edward Kastrop, S. A. Fairbank, Roy Mawson, M. L. Hildreth, C. O. Bayha, W. E. Smith, T. H. Rapp.

The call to order was given by F. L. Gregory, who has for many years served as secretary of the county committee. C. F. Wemple of Waverly nominated Andrew Russel as temporary chairman and the motion was seconded by Frank Sullivan. M. L. Hildreth with a second by Theodore Arisman, nominated Walter H. DeShara as temporary secretary. S. A. Fairbank placed M. L. Hildreth in nomination as temporary treasurer. In each instance these men were selected by an unanimous vote.

Subsequently the temporary organization was made permanent. On motion of W. L. Alexander a committee of five was named on resolutions. This committee included W. L. Alexander, A. E. Williams, T. H. Rapp, Harry Cade and W. N. Luttrell. On motion a committee of five was named to select delegates and alternates to the state convention which will be held in Springfield, May 10. It was stated by Chairman Russel that in accordance with the law these delegates will also represent the county at the congressional convention. This committee on delegates included C. F. Wemple, M. L. Hildreth, C. O. Bayha, E. M. Vasconcellos, Harry Cade.

While the two committees were formulating their reports the chair asked F. L. Sharpe to speak. Mr. Sharpe who is always enthusiastic for the Republican party, sees in present conditions a special need for Republican supremacy. He said that with all the talking points that there are in this campaign that it should be an easy matter for Republicans to gain a sweeping victory. He mentioned especially the pride that Illinoisans can take in the record of Governor Lowden and he expressed the belief that with the proper support from Illinois that Gov. Lowden can readily become the national standard bearer of the party.

Others called upon were Mrs. W. L. Alexander, Mrs. J. J. Reeve and Mrs. W. I. Crabtree.

Delegates and alternates named for the state convention are:

Delegates—C. F. Wemple, Mrs. John J. Reeve, A. L. French, W. L. Fay, W. L. Alexander, Mrs. Miller Weir, Joshua Vasconcellos, John Easley, Mrs. Lillian

Danksin, Andrew Russel, M. L. Hildreth.

Alternates—John W. Larson, John J. Reeve, William Mortimer, J. W. Walton, V. R. Riley, W. N. Luttrell, E. E. Crabtree, Mrs. John Blue, Miller Weir, Justus Wright, Thomas Rapp, H. Banerott, Richard Y. Rowe, L. G. Berger, C. S. Black, F. L. Sharpe, Grant Craft, William J. Wood, Frank U. Correa, Roy Sousa, H. H. DeWitt, H. P. Samuel, George W. Davis, Charles DeSiva.

The chairman suggested that authority be given him to appoint an administrative committee, an executive committee and a finance committee, and this action was taken. A committee including W. L. Alexander, Walter DeShara and S. A. Fairbank was named on headquarters, it being the suggestion of Chairman Russel that headquarters should be obtained at an early date.

W. L. Alexander brought to attention the desirability of having a committee appointed to confer with a Democratic committee county and city officers in the endeavor to have some uniform plan followed in the choice of polling places. The speaker said that in Jacksonville three elections were held recently within ten days and that the polling places were different in each instance.

George Wheeler, county commissioner, spoke in favor of distinct changes.

The convention was throroly in accord with this plan and a committee was appointed as follows: W. L. Alexander, E. M. Vasconcellos, A. E. Williams, C. O. Bayha, S. A. Fairbank, George W. Davis, M. L. Hildreth, Roy Mawson. The chairman suggested that Mr. Davis should be included as he is acting city clerk and very familiar with voting precincts of the city and the needs in this regard.

The chair was authorized to appoint a committee of three on platform to make a report at a later meeting of the convention which will probably be held after the September primary. When adjournment came it was with the understanding that the convention will meet again at the call of the chairman.

The following resolutions were read by W. L. Alexander, chairman of the resolutions committee and were unanimously adopted:

Lowden is Commended.
The Republican party is to be congratulated upon the splendid business like administration of state affairs in the State of Illinois under the directing influence of Governor Frank O. Lowden.

Notwithstanding the disturbed conditions, and the extreme high cost of operation in all departments of public affairs, still, under his splendid business management, the tax rate in Illinois has been reduced instead of having been increased. The strictest economy has been observed and the best business judgment has been exercised.

More than a half century ago when the country was in dire distress, the preservation of the Union was the paramount issue. Illinois furnished to the nation, a great leader whose guiding influence was directly responsible for the preservation of the Union, in the person of the immortal Abraham Lincoln.

Today we are confronted as a nation, with the situation which is as grave as the situation which confronted us in the '60's. The maintenance of law and order and the inculcating of the principles of true American citizenship into every inhabitant of our country, is imperative.

Illinois again offers to the nation as its chief executive, a man who stands firmly and unflinchingly for the maintenance of law and order and for the inculcation of the highest type of citizenship into every person who enjoys the liberties and privileges of the United States of America: Therefore, Be It Resolved, That, "Whereas, the candidacy of Governor Frank O. Lowden of Illinois for the Republican nomination for president of the United States has been overwhelmingly endorsed by the people of the statewide preferential primary:

"Therefore, Be It Resolved, That we do most heartily concur in such endorsement and instruct the delegates from this county to the state convention loyally to support all measures and motions which have for their purpose the promotion of his candidacy."

Resolved, That we do heartily endorse S. Elmer Simpson of Greene county for state central committeeman; and,

W. W. Watson of Pike county for presidential elector, and instruct the delegates of Morgan county to the Twentieth Congressional District convention which will meet Wednesday, May 5, 1920, to vote for them.

The chairman suggested that authority be given him to appoint an administrative committee, an executive committee and a finance committee, and this action was taken. A committee including W. L. Alexander, Walter DeShara and S. A. Fairbank was named on headquarters, it being the suggestion of Chairman Russel that headquarters should be obtained at an early date.

W. L. Alexander brought to attention the desirability of having a committee appointed to confer with a Democratic committee county and city officers in the endeavor to have some uniform plan followed in the choice of polling places. The speaker said that in Jacksonville three elections were held recently within ten days and that the polling places were different in each instance.

George Wheeler, county commissioner, spoke in favor of distinct changes.

The convention was throroly in accord with this plan and a committee was appointed as follows: W. L. Alexander, E. M. Vasconcellos, A. E. Williams, C. O. Bayha, S. A. Fairbank, George W. Davis, M. L. Hildreth, Roy Mawson. The chairman suggested that Mr. Davis should be included as he is acting city clerk and very familiar with voting precincts of the city and the needs in this regard.

The chair was authorized to appoint a committee of three on platform to make a report at a later meeting of the convention which will probably be held after the September primary. When adjournment came it was with the understanding that the convention will meet again at the call of the chairman.

The following resolutions were read by W. L. Alexander, chairman of the resolutions committee and were unanimously adopted:

Lowden is Commended.
The Republican party is to be congratulated upon the splendid business like administration of state affairs in the State of Illinois under the directing influence of Governor Frank O. Lowden.

Notwithstanding the disturbed conditions, and the extreme high cost of operation in all departments of public affairs, still, under his splendid business management, the tax rate in Illinois has been reduced instead of having been increased. The strictest economy has been observed and the best business judgment has been exercised.

More than a half century ago when the country was in dire distress, the preservation of the Union was the paramount issue. Illinois furnished to the nation, a great leader whose guiding influence was directly responsible for the preservation of the Union, in the person of the immortal Abraham Lincoln.

Today we are confronted as a nation, with the situation which is as grave as the situation which confronted us in the '60's. The maintenance of law and order and the inculcating of the principles of true American citizenship into every inhabitant of our country, is imperative.

Illinois again offers to the nation as its chief executive, a man who stands firmly and unflinchingly for the maintenance of law and order and for the inculcation of the highest type of citizenship into every person who enjoys the liberties and privileges of the United States of America: Therefore, Be It Resolved, That, "Whereas, the candidacy of Governor Frank O. Lowden of Illinois for the Republican nomination for president of the United States has been overwhelmingly endorsed by the people of the statewide preferential primary:

"Therefore, Be It Resolved, That we do most heartily concur in such endorsement and instruct the delegates from this county to the state convention loyally to support all measures and motions which have for their purpose the promotion of his candidacy."

Resolved, That we do heartily endorse S. Elmer Simpson of Greene county for state central committeeman; and,

W. W. Watson of Pike county for presidential elector, and instruct the delegates of Morgan county to the Twentieth Congressional District convention which will meet Wednesday, May 5, 1920, to vote for them.

SALARY ORDINANCE IS PASSED BY CITY COUNCIL

Employees of Various Departments are Given Increases—Vote of Recent Election Canvassed—Other Routine Business.

An ordinance fixing salaries of employees of various departments of the city was adopted at the regular meeting of the city council Monday evening.

There was some discussion of various provisions by the mayor and aldermen. All were agreed that they would like to give larger increases but that it was impossible under present conditions.

The vote of the recent election was canvassed and the result declared. A number of other matters were discussed by the council among them that of some remedy for conditions at the dumping grounds.

The Proceedings

Roll call showed all members present. Mayor Crabtree presiding.

The minutes of the last regular meeting were read and approved. The council then canvassed the results of the recent municipal election and adopted resolutions declaring the result. At the places of the aldermen who were re-elected and on the mayor's desk were carnations which were sent by the Hofmann Floral Company.

Want Boulevard Lights

Property owners of East State street from East street to the Burlington railroad presented a petition asking the council to place boulevard lights on that street. The petition was referred to the Board of Local Improvements with power to act.

Ald. Cain, chairman of the police committee, reported that the collection of wheel tax was progressing in a satisfactory manner. The alderman said that Saturday evening a total of \$1,087 had been collected.

Ald. Williamson to whom had been referred the matter of the lot offered by the Jacksonville Creamery Company for parking purposes recommended that the lot be placed in condition for this purpose.

Order Bill Made at Power Plant
Ald. Chapin, chairman of the water and light committee, spoke of dirt needed for the fill at the site of the power house. He said that Engineer Baldwin had offered to place the dirt for 60 cents per cubic yard.

Ald. Flynn, seconded by Ald. Moore, moved that the matter of the fill and all other matters pertaining to the filtration and power plants be referred to the water committee with power to act. The motion carried.

Ald. Chapin also reported that the water had been lowered in Maudaister lake so that it was off of the Vandalla road and the Woods lane.

Ordinance Fixing Salaries

An ordinance fixing the salaries of employees of the departments of the city therein named was read. The ordinance carried an emergency clause.

Ald. Moore seconded by Ald. Williamson moved the adoption of the emergency clause. Before the motion was put all of the aldermen and the mayor entered into a discussion of the ordinance.

Ald. Flynn said he was in favor of increases but did not believe that the heads of departments should receive a greater increase than the other employees of the department.

Ald. McGinnis remarked that he also felt that way at a previous meeting but that the majority seemed to favor the ordinance in its present form and he would abide by the decision of the majority.

Ald. Cain said he would like to give greater increases but that it was impossible in the city's present financial condition.

Ald. Ehlers Chapin, Moore and Williamson were of like opinion and favored the ordinance as it stood. Mayor Crabtree said he too would like to pay the men much larger salaries. However, it was out of the question as the mayor said it would be a problem to meet the increases as fixed by the emergency clause which was adopted by a unanimous vote as was the ordinance.

Dumping Ground Conditions
Ald. Williamson called attention to the bad condition of the city dumping grounds. The alderman said that residents in the vicinity were complaining and something would have to be done to clean it up. There was considerable discussion and the matter was referred to Ald. Ehlers, chairman of the sanitary committee to look after.

Superintendent of Streets White asked the council about material for street paving material. He said it was hard to get and suggested that the chairman of the highways committee go to Gainesburg or Springfield and see if the city could not get some brick suitable for the purpose.

The matter of placing sign posts of the Mississippi Valley Highway inside the city limits was brought up by Ald. Williamson. The matter was referred to the highway committee with power to act.

No further business appearing the council on motion adjourned.

FORMER RESIDENT DIES IN IOWA

John McCann Lived in Morgan County Many Years Ago—Relative of Harrigan Family.

A message was received here by J. W. Harrigan announcing the death of his brother-in-law, John McCann, of Creston, Iowa. The deceased a number of years ago was a resident on a farm southwest of Jacksonville. Nearly thirty-five years ago he sold his property here and moved to a farm near Creston, Iowa. There he conducted extensive farming operations and at a comparatively recent date retired to a home in Creston.

Mr. McCann was known to Morgan county people as a man of exemplary life. He was kind and neighborly and so held in esteem by all who knew him. He leaves his wife and ten children Mrs. Nellie Leniger, Mrs. Mary Wallace, Mrs. Lizze Geis, Misses Josephine and Ethel McCann, Stephen, Peter and Cornelius, McCann and another daughter, Sister Genevieve. There are also three deceased children, Thomas, Edward and Anastasia.

Funeral services will be held from the Catholic church at Creston this morning.

SCHOOL BOARD GRANTS INCREASES

Payments Will Be Made to Teachers and Employees This Year in Accordance with Action Taken Monday Night.

The board of education met in adjourned session last evening, voted the teachers and employees a bonus, appointed a commencement committee, gave English Brothers permission to dump black dirt temporarily on the west end of the David Prince building lot and adjourned.

The board met pursuant to adjournment, with all members present, President Lippincott in the chair.

The first thing in order was the report of the finance committee, which was as follows:

"The finance committee has carefully gone over the estimated income for the coming year, based on the two per cent levy authorized by the people, and wish to recommend to the teachers' committee the sum of \$15,500, to be distributed among the teaching force and the superintendent. We also recommend to the buildings and grounds committee the sum of \$1,000 to be distributed among the engineers and janitors of the schools. We further recommend that Miss Louise Roberts, stenographer for the board and superintendent, receive \$150 increase; and Miss June Fee, stenographer for the David Prince and High school, receive \$95 increase.

George S. Rogerson, T. H. Rapp, Carl E. Black.

The report was unanimously adopted.

The teachers' and course of study committee then reported as follows:

The teachers' committee recommend that the teachers, principals, supervisors, nurse and superintendent be given an increase of salary for the present school year of \$200 each for those serving the full school year, and that a pro rata amount for those serving a less time, but who are now in our service, according to our schedule.

The above increase to be made in two equal parts, the last of April and the last of May, and the same to be in conformity with the recommendations of the finance committee in setting aside \$15,500 for such increase.

Respectfully submitted,
Teachers and Course of Study Committee.

Albert C. Metcalf, Chas. A. Fiedler, W. P. Duncan.

The building and grounds committee reported favorably, granting the engineers and janitors \$130 each, the cook \$100, and Messrs. Baldwin & Fick \$50 each.

Permission was given English Brothers, high school building contractors, to dump black dirt removed from under the new building, on the west end of the David Prince lot, the dirt to be returned to the sides of the new building when it is completed.

Members Metcalf, Duncan and Fiedler were appointed a committee to co-operate with the superintendent in making preparations for commencement exercises.

ILLINOIS RIVER RISING.

J. C. Kratz of Meredosia was one of the visitors in the city yesterday. He says the Illinois river is able to be up most unpleasantly. The water rose six inches Saturday night and five and a half Saturday night and is now within thirty inches of the famous flood of 1844 which was unprecedented and has not been approached since. As it is the high water is causing much inconvenience and loss. Mr. Kratz said he understood Beardstown is asking for tents and lower down there is much trouble.

At Pearl the water is higher than it has been since 1858 and still is going up. There are some compensations in an inland city like ours in such times there are occasions when the river is very convenient.

A gentleman said the Mississippi is not at all keeping pace with the Illinois river at this time.

AGED RESIDENT OF MANCHESTER DIES

Funeral Services for Late James Cooksey Held Sunday Afternoon—Other News Notes from Manchester and Vicinity.

Manchester, April 26.—Funeral services for the late James Cooksey were conducted from the family residence at 3:30 o'clock Sunday afternoon. The services were attended by a large company of sorrowing friends and relatives of the deceased. Interment was in the family lot at Brown's cemetery.

The death of James Cooksey occurred at his home at 5:30 o'clock Thursday afternoon. He had been in declining health for some time, but his condition was not considered serious until a few

hours before his death. Mr. Cooksey resided alone and G. D. Barnes was with him when his death occurred.

Deceased was 67 years of age and has spent his entire life in this community. He resided on a farm west of Manchester for many years. Some years ago he, with his sister, Miss Sally Cooksey, retired from farm life and established their residence in Manchester. Miss Cooksey preceded her brother in death four years ago. Since his sister's death, Mr. Cooksey has resided alone. He was well and favorably known in the community and was highly respected as a man who lived a quiet and industrious life.

He was a member of the I. O. O. F. lodge of Manchester. Deceased is survived by several nieces and nephews residing in Nebraska and Colorado.

Mr. and Mrs. Fred Funston, of Colorado Springs, Col., arrived Friday night, called by the death of Mrs. Funston's uncle, James Cooksey.

Mrs. J. H. Langdon received word Friday of the death of her sister, Miss Mollie Husted, which occurred at Lincoln. Miss Husted spent most of her life here till two years ago when she was placed in an institution. In this city, she was afflicted with blindness for many years. She died at about 70 years of age.

H. A. Langdon and Fred Collins went to Lincoln Friday and accompanied the remains to Manchester Friday night.

Funeral services were held from the Langdon residence at 1 o'clock Sunday afternoon. Interment in Manchester cemetery.

The remains of Henry Sheawmaker, whose death occurred at a Jacksonville hospital Tuesday, were interred in Manchester cemetery Thursday morning. The bearers were William Arendell, Clayton Hudson, E. L. Maine, C. D. Chapman, E. O. Hess and C. S. Heaton. The floral offerings were cared for by Misses Ruth and Mabel Blackburn. Rev. Fred Peek offered prayer at the grave.

Mr. Sheawmaker was well known to Manchester residents, as the family resided here for several years.

Mrs. Belle Potts went to Lincoln, Wednesday, for a visit with relatives.

Mr. and Mrs. Clinton McConnell went to Alton, Saturday, to visit Mrs. McConnell's parents, Mr. and Mrs. Sidney Downey, and family.

E. L. Maine was a passenger to Springfield Friday.

Miss Dorothy Oehler conducted county final examination at the school building Saturday. The pupils taking the examination were: Lou Emma Wright, Norma Thady, Lucile Lakin, Mildred Ellington, Bernice Howard, Mildred and Mabel Greenwalt, Opal Edwards, Bernice Summers, Robert Stewart, Ralph Akers and Frank Windsor.

Mrs. Guy Brown and Mrs. W. C. Pearce spent Friday in Springfield.

Miss Addie Thurman has returned to her home in Hillview, after spending a few days with relatives here.

Mrs. H. McConnell and Miss Florence Lemon were Jacksonville visitors Thursday.

PLEASING PROGRAM GIVEN AT MURRAYVILLE

A very unique program was given in Carbons hall Thursday night at Murrayville under the auspices of the Murrayville Domestic Science club. The attendance was large and the results of their appreciation was shown by their hearty applause. The opening number was an Old Family Album which was shown by the little girl (Jane Wright, to the visiting minister T. G. Beadles). As the photo in the album was being described, the character would appear in a large frame dressed suitable to the description. The characters participating were: C. T. Daniel, J. T. Wareup, C. J. Wright, Austin King, Brewer Rimbe, Doctor Spencer, S. F. Sooy, Mrs. W. A. Wesner, J. W. Wright, Mrs. Ruth Fuller, Jessie King, J. E. Thompson, J. A. Leitze, Ethel Whitlock, L. C. Collins, Maude Rimbe, Mabel Walker, C. R. Short, Harry Strang, Fred Simpson, Arthur Seymour, Mary E. Wright, Anna Lamb, J. L. Solomon, J. H. Fuller, Margaret Short.

The second number was a cantata given by the pupils of the primary room assisted by a few of the intermediate pupils. The little tots were very interesting and showed the results of much training whose credit goes to their competent teacher, Miss Lulu Coultas. Mrs. Maude Rimbe assisted by Hilda Osborne gave a vocal selection.

This was followed by a one act comedy "Madame Princeton's Temple of Beauty." The characters were:

Madam Princeton—Mildred E. Wright.
Susan, the Maid—Mrs. Ruth Robinson.

Mrs. Compton who was reducing her flesh—Mrs. Iva Short.
Miss Terwilliger, having her freckles removed—Mrs. Carrie Strang.

Dickie Bird, being bleached—Mrs. Corrie Wright.
Miss McFadden, newspaper reporter—Mrs. Arthur Seymour.

A neat sum was realized which will go for equipment for the Domestic Science room which is being rapidly installed. The members of the club wish to thank all those who so generously helped to make this evening's program a success.

Miss Hattie Wright of Franklin was a shopper with city merchants yesterday.

MAKE DONATION.

The Tumago Camp Fire Girls have donated \$35 towards the brace for a little boy named Scott Halthman at the David Prince school. The little boy has curvature of the spine and the brace is one badly needed. Dr. East of the State Department of Public Health was here recently and has ordered the brace. The little boy is no doubt very grateful to the Camp Fire Girls.

Miss Florence Loving has returned from St. Louis where she attended the National Tuberculosis Association convention.

Think what Labor owes to Him!

UNTIL His thirtieth year the Master was the Carpenter of Nazareth.

Could He possibly forget those carpenter years when the years of His ministry began? Could the men who labor with their hands ever be far from His thought and prayers?

To such men, oppressed and driven, men bent by toil, with hopeless hearts, He spoke a phrase that flamed with power.

"You are sons of God," He told them.

Sons of God—brothers of their rulers and employers; with an equal right to happiness, to comfort and opportunity. All the hopes of Labor in all the centuries had their beginning in that splendid thought.

The Churches cooperating under the name of the Interchurch World Movement offer the program of the Master; and His Golden Rule.

"Whatsoever ye would that men should do to you, do ye even so to them."

By that rule the industry of the future must be directed. Its products must be not merely goods, but good; not merely wealth but happiness and character and joy.

If you believe these things, you believe in one of the fundamental purposes of the Churches and of their agent, the Interchurch World Movement.

And you have this month your chance to help. Whether you labor with hand or brain, whether you are inside the Church or out, you are a sharer in the benefits of the influence of Jesus Christ.

Help to make that influence the ruling spirit of the modern world. Help to make industry a spiritual enterprise, where men shall work together not in envy but in mutual respect—as brothers all, and "sons of God."

NATSKI MEDICINE COMPANY TAKES DRASTIC ACTION

To Reduce the High Cost of Living

The Officers and Directors of the Natski Medicine Company, manufacturers of Natski Blood Purifier, have for some time viewed with grave concern the mounting costs of everything that enters into the lives of our people, not only for food, clothing, shoes, but also for those medicines that often are necessary to the happiness and well-being of many people, really often more necessary, as it is essential that we must be free from physical pain and suffering in order to enjoy the other necessities of life.

Realizing all this, the Natski Medicine Company has, by improved methods of manufacturing their Blood Purifier, been able to reduce to some extent, the manufacturing cost and have agreed to further benefit the public, by cutting their profit down to almost nothing.

Following out this idea, they have decided to sell to the Drug trade in the future, Natski Blood Purifier so that the users will be able to purchase the same for 1.00 per bottle, plus 4c revenue stamp.

REMEMBER, the quality of our remedy will be kept up to its usual high standard and the purchaser will not be buying an 8 oz. bottle in a 16 oz. carton, but a full 12 oz. bottle of our medicine for the sum of \$1.00.

It is sold by your druggist, and if he does not keep it send direct to the Natski Medicine Co., who are always ready to serve you.

If you need a Spring tonic for the blood, if your appetite is gone or if you have rheumatic pains or any other blood diseases, get a bottle of this wonderful remedy without delay, and convince yourself that what it has done for others it will do for you.

Watch these columns and read what people say this remedy has done for them.

To the Investing Public

IN fairness to our clients, to the investing public, and to ourselves, I. S. W. STRAUS & CO., desire to make the following statements:

We have no connection whatever with any other firm, company, or organization of similar name selling stock.

We do not deal in stock, either preferred or common.

We will continue, now as in the past, to underwrite and offer only first mortgage bonds of unimpeachable safety.

These facts we desire to emphasize because the public announcements of a house of similar name might give the erroneous impression that we have deviated from our policy of dealing only in the highest type of investment security—the first mortgage bond, safeguarded under the Straus Plan.

The fact that our method and plans have been widely imitated is evidence of the soundness of the principles we have followed and clearly indicates the place which this institution occupies in the financial life of the nation.

Farm Bureau Notes

Limestone and Phosphate. The demand for both of these products is greater in August and September. At that time cars are needed for grain shipment, and it is difficult to get deliveries of either limestone or phosphate. If we are to get our share of these commodities, we must order for May, June and July deliveries. If teams are not available for hauling at that time the limestone can be piled along the track, and the phosphate stored in some way. In some of the modern counties elevators have been erected for the storage of both limestone and phosphate. They manage to get in a supply during the slack season and store it when the farmers want it in August and September.

Grain grading demonstration June 4. On that day a representative of the United States Department of Agriculture will be here to stage a demonstration. He can remain in the city all day. As he brings considerable material it is not practical to give a demonstration at more than two points. Elevator managers as well as farmers will be interested in seeing this demonstration.

Limestone prices. Limestone crushed for agricultural purposes will cost the farmers of Morgan county about 2.50 per ton laid down in carload lots. A few stations nearer the shipping points will get a slightly lower rate. In order to insure delivery at the right time farmers should order limestone for May, June, and July delivery. If they wait till about August and September there will be little chance of getting delivery when needed. We advise farmers to buy and unload it at the station until it is needed in August and September.

American Farm Bureau Federation at Home. The Washington office of the American Farm Bureau Federation is now located on the seventh floor of the Occidental building, 1411 Pennsylvania avenue, next door to the new Willard Hotel. The Washington monument is right in the front yard. The White House just around the corner, and the Capitol straight down the avenue. Those in charge will be glad to answer inquiries from farm bureau members visiting Washington to make this office their headquarters. Those who joined both the farm bureau and I. A. A. in the recent drive are automatically made members of the A. F. B. F.

Farmers View of Taxation. Illinois farmers are working for a fair means of taxation which will assess all citizens who enjoy the privileges of the State according to their ability to pay. Ever since the delegates met at Springfield to build a new constitution, the Illinois Agricultural Association has made a study of all proposals and got the opinion of the men on the farm.

Here is the farmers proposal to the convention which has been discussed and recommended by Farm Bureaus all over the State: A tax on all property, real estate and personal alike, to be assessed at a uniform low rate and the balance of the revenue to be raised by a State income tax. There is no reason why the man who has his money invested in stocks, bonds, mortgages and other intangible property should not pay the same tax as the man who has his money in a home or a farm. The income tax will bring out the two billion dollars worth of intangible property in

You Need Not Suffer from Catarrh

But You Must Drive It Out of Your Blood to Get Rid of It Permanently

You have probably been in the habit of applying external treatments, trying to cure your catarrh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you say you don't need to count farmers in that class."

drive the catarrhal poisons out your blood, purifying and strengthening it, so it will carry vigor and health to the mucous membranes on its journeys through your body and nature will soon store you to health. You will be relieved of the droppings of mucus in your throat, sores in nostrils, bad breath, hawking and spitting.

All reputable druggists carry S. S. in stock and we recommend you give it a trial immediately. The chief medical adviser of the company will cheerfully answer all letters on the subject. There is no charge for the medical advice. Address Swift Special Company, 432 Swift Laboratory, Atlanta, Ga.

FOR ITCHING TORTURE
Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itchy pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, easy to use and non-irritating. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positive for tender, sensitive skins.

A CLEAR COMPLEXION

Facially Checks—Sparkling Eyes—Most Women Can Have

Dr. J. M. Edwards, a Well-Known Ohio Physician

Dr. J. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a remedy, now made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers of the liver and bowels, which cause a general indigestion, carrying off the waste and poisons that make one's system unclean. If you have a pale face, swollen lock of hair, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and can just to keep them fit. 10c and 25c

Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

"Gets-It" Spells "Finitish" for Corns

Soon, it is almost ready to fall off. You help it just a little by lifting it off with your thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method.

"Gets-It," the corn eraser, guarantees money-back corn removal costs but a trifle at any drug store.

Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.

STOMACH SO BAD SHE HAD LOST ALL HOPE

Suffered agony for 8 years, and then got well in a hurry.

"I suffered from stomach trouble for 8 years—had acute indigestion for 4 years. All that time I have not slept a wink before 2 in the morning, and lived on milk and soup. My stomach was one solid sore."

"Doctors said I had catarrh and neuritis of the stomach, also female trouble for which I needed an operation. I was told nothing but a living skeleton and had given up hope."

"Then my husband brought home a bottle of Mils Emulsion. From the second dose, I began eating, and now, after 10 bottles, I eat anything I want. I haven't had a pain in my stomach since the first dose, and my female trouble is fast disappearing."

"—Mattie Cartwright, Tyler, Texas."

The blessed relief which Mils Emulsion gives in stomach trouble, is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Mils Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Mils Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Mils Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Daily Market Report

CORN MAKES BIG ADVANCES

Chicago, April 26.—Big advances today in the value of all grain quickly followed indications of urgent European buying of breadstuffs. Corn closed strong, 45c to 6c not higher, with May \$1.73 and July \$1.65% to \$1.66%. Oats gained 2c to 3c. In provisions the outcome varied from 7c decline to a rise of 50c. An almost vertical jump of 11c in the rye market was the signal for a rush to acquire every other cereal on the list. It was said that export business in rye and wheat of late had cut heavily into the available stocks. Despite numerous setbacks, due to profit-taking, the general upward swing of corn continued until the July delivery had climbed as high as 50c. Cold, wet weather, certain to delay planting and other farm work of vital importance, added greatly to bullish sentiment. Offerings remained scarce throughout the day, but toward the last there was some lessening of the agencies' bidders. In this connection it was said that owing to the swift advance of prices, fresh export dealings in rye and wheat had come to a halt.

Topmost prices ever known were reached by oats available for immediate use. It was predicted that as a result of adverse field conditions re-seeding to an unusual extent would be necessary. Provisions averaged higher, with grain and hogs.

CONFIDENCE PREVAILS ON STOCK EXCHANGE

New York, April 26.—An undercurrent of confidence pervaded today's moderately active stock market, sentiment among traders being very much heartened by the better showing of the federal reserve bank and clearing house at the end of last week. There was an abundance of call money at 7 per cent, but time funds gave not the slightest indication of relaxing their tension.

The decree of the United States supreme court, directing the disintegration of the so-called coal combine, proved to be the real development of the day, coming after the session was more than half over. Reading, the central feature of the alleged combination, made a net gain of 13% points and affiliated anthracite and bituminous coals were 2 to 5 points higher at their best.

Much of the early and intermediate movement converged as usual around steels, equipments, motors and oils at extreme advances of 2 to 15 points. Shipplings, tobaccos, sugar and textiles were prominent for large dealings. Sales amounted to 1,033,000 shares.

Trading in bonds was light. Reading 4s gained 6 points. Liberty bonds also made a good showing, all but 3 1/2s closing at gains. Total sales (par value) aggregated \$1,775,000.

FIRST STRAWBERRY PRESERVES THIS YEAR

Mrs. Grant Gains of 604 South Church street, has the feeling that she can claim to be the first person in the city to make strawberry preserves this year. Mrs. Gains recently received a crate of very fine berries from Mr. Gains, who is in Jackson, Miss., on business for the Golden Grain Co. of East St. Louis.

Ask An Owner

A motor truck represents an investment in hauling equipment. The truck that does the work year in and year out at the lowest cost proves to be the best investment. Ask any owner of an International Motor Truck and he will tell you the International cuts the cost of hauling down to the lowest practical point.

International Motor Trucks

Some day you will buy a motor truck. If you are the kind of a man that is not satisfied with anything but the most economical truck for hauling and delivery work, drop us a line, call up, or come in and see us. The more you know about motor trucks, the quicker we can convince you that the International is a mighty good truck to own. There is a style and size to meet almost every hauling requirement.

Dixie Flyer Automobiles

Free

means free with us. There will be no charges whatever unless of course new parts are required and for these, too, there will be no charge if due to a faulty part. All these things must be taken into consideration when you decide on what car. It is a big item and our definition of "FREE" means a saving to owners.

A Safe Investment

Men and women of today buy their cars as they buy their bonds.

They want safety, permanence and reasonable returns on their investments.

The Dixie Flyer is built to pay large dividends in service and pleasure. It is backed by a permanent company with more than forty years' experience in vehicle manufacturing—a company that will be as willing and able to protect the interests of dealers and owners in the future as it is today.
